

Bargaining Update #9

November 17, 2021

The Bargaining Team: John Cox, Leo Hsu, Lourdes Renteria, Ana Banos, Cesar Gamez, Monchel Lewis, and Dalisay Quitilen along with Chad Cooper (CTA) met with the District Bargaining Team to discuss COVID leave, AB167, and Home Hospital Education.

COVID Leave

Discussions with the District continue regarding COVID leave when quarantined due to school-related exposure and/or exposure in the immediate household. COVID leave will be tied to remote teaching when an agreement is reached. We are close to reaching an agreement and hope that we can finalize the MOU in the next bargaining session.

Assembly Bill (AB) 167 - Remote Teaching

Discussion and clarification on the District's counter-proposal addressing AB 167 and remote learning opportunities to students participating in independent study at their site because of COVID-19 related quarantine continued. The discussion will continue at the next bargaining session.

Home Hospital Education (HHE)

HHE families are asking when services inside the home can resume. Parameters for entering the home were discussed. The goal is to provide in-person services inside the home to students in the HHE program while ensuring SEA unit members' safety.

Next bargaining date: December 1, 2021

Respectfully submitted,
Bargaining Team
